

Creating a Sustainable Transportation Vision for the 21st Century

Larz Anderson Museum
Alternative Transportation Festival

AltWheels Festival – Sponsors, Co-Hosts & Participating Companies

The inspiration for the AltWheels Festival grew from a New England regional environment study by Connect-us, an AltWheels sponsor. The survey found that one of the highest impact environmental improvements in the near term would derive from greater public understanding of our transportation choices and a shift to lower hydrocarbon emission options. The AltWheels Transportation Festival was created as a first step towards achieving this goal. The AltWheels 2004 festival has come to fruition from the efforts of a large group of financial sponsors, co-host organizations, and participating companies including:

2004 Sponsors (To Date)

GOLD

SILVER

BRONZE

General Motors

American Honda, Mass Clean Cities Coalition

Keyspan, Society of Automotive Engineers, Dennis K. Burke,

Granite State Clean Cities Coalition

Co-Hosts:

AlternateFuels.com
Appalachian Mountain Club
Association for Commuter Transportation (ACT)
Babson Outdoor Association
Boston Area Solar Energy Association (BASEA)
Boston Public Health Commission
Boston Society of Architects
Buckingham, Browne & Nichols School
The City of Cambridge & Cambridge Arts Council
Cambridge Climate Calendar
Cambridge Walks
City of Newton
Climate Change Action—Brookline
Clean Air—Cool Planet
Connect-us
Conservation Law Foundation
Eco-logic
Environmental Defense
Environmental League of Massachusetts
The Green Decade Coalition
Greenlife
Harvard Divinity Students for Environmental Justice
The Harvard Environmental Law Society

IMPACT
In-line Club of Boston
Larz Anderson Museum of Transportation
